Section Slide as Header Level 1

Slide Title as Header Level 2

Subtitle as Header Level 3

You can put any content here, including text, images, tables, code blocks, etc.

- ▶ first unordered list item

- A sub item

- A sub-sub item

- 1. first ordered list item

- i. A sub item

- a. A sub-sub item

Next, we'll briefly review some theme-specific components.

Additional Theme Features

Some extra things you can do with the clean theme

Special classes for emphasis

- ▶ **alerted text** uses the secondary accent colour.
- ▶ **custom-coloured text** via `\textcolor`.

A short code sample to check the monospace font:

```
def hello(name):  print(f"hi {name}")
```

Citations

Author–year, resolved from a .bib file

Citations come straight from **references.bib**. The natbib-style commands are available alongside biblatex's own:

- ▶ Textual: Callaway and Sant'Anna (2021) study staggered adoption.
- ▶ Parenthetical: a robustness check (Goodman-Bacon 2021).
- ▶ Multiple, sorted: (Callaway and Sant'Anna 2021; Arkhangelsky and Imbens 2024).
- ▶ biblatex equivalents also work: Arkhangelsky and Imbens (2024), (Goodman-Bacon 2021).

Figures

External .png and .pdf via \includegraphics

Drop an image next to your `.tex` and include it as usual — both raster (`.png`) and vector (`.pdf`) figures work under pdf_latex.

Figure: A raster `.png` plot.

Figure: A vector `.pdf` diagram.

Summary

Quarto Clean Typst Theme

LaTeX / Beamer port

This deck is a Beamer re-implementation of the Touying clean theme.

- ▶ Left-aligned titles, primary accent, triangle list markers.
- ▶ Slide counter **x/y** in the footer.
- ▶ Auto section slides via `\AtBeginSection`.
